- Ultrasound
- EKG
- Echocardiogram
- ABI
- Holter Monitor Studies
- Pacemaker Checks
- Mobile Endoscopies
- Sleep Studies
- PICC Line Insertion

24 Hour Lab Services

What We Do

- **SERVICE PROVIDED 24 HOURS, 365 DAYS A YEAR**
- **SMS TEXT ALERTS** for **POSITIVE** reports
- Integrated with **PointClickCare**
- **DSSI Participation**
- **Digital** mobile x-rays eliminates unnecessary repeats by the x-ray technologist viewing the x-ray onsite
- Verbal confirmation on all positive results
- Final dictated results back **within 1 hour** of exam
- **Free STAT service available**
- CD's burned on site for orthopedic exams so the facility has the x-ray available to send with the patient to the hospital
- Preliminary results left on-site for venous studies
- Ultrasounds provided: Vascular studies, Thyroid, Abdomen/Retro Peritoneum studies, Echocardiogram
- Vascular studies include: Carotid, Abdominal, Renal Arteries, Venous and Arterial
- EKG strips with interpretation are left on site
- **HIPAA compliant**
- **Compare all x-rays ordered by facility with previous exams done by QMX with no extra charge**

Convenience We Provide

- **Paperless requisition orders so there are no request forms to be filled out** by your nursing staff and QMX faxes you a copy of the request form after the procedure is called in
- **ONLINE ordering**
- Unique user name and password for each facility and referring physicians to allow medical professionals access to reports and to **view studies online**
- Radiologists are available for consultation of any interpretation

OUR RADIOLOGY TEAM

QMX works with board-certified radiologists and a HIPAA compliant network for sharing and viewing reports and x-rays. QMX brings national expertise right to the patient's bedside, allowing all services to be completed in the privacy and comfort of the patient's room. **Our radiologists are accredited with The Joint Commission.**

A member of our team is always available by phone:
